

MYAI CFO Certification Knowledge Evidence

Synthetic Knowledge Hub fixture — Financial Controls

Control objective: maintain a clear, auditable link between a finance policy statement and the evidence used to support a CFO recommendation.

Control ID	Policy / Evidence Statement
K-001	Cash reconciliation should be completed and reviewed before relying on a cash KPI.
K-002	Debt covenant analysis should use the latest validated financial statements and disclosed debt terms
K-003	Any material inconsistency between assets and liabilities should trigger a review rather than a confid

Each statement is synthetic and exists solely to exercise Knowledge Hub ingestion, retrieval, CFO PA response, grounding and citation provenance.
